Assignment 1

Arun Woosaree
October 5, 2019

1 e-Shopping System FSM

The following assumptions were made:

1. The items added to the user's online shopping cart are always in stock
2. A user must sign up before being able to purchase an item from this e-shopping system.
3. Once the user has signed up, their account cannot be deleted. They can however, remain logged out indefinitely.
4. Once an order is processed, the user cannot cancel their order
